

B. It shall be unlawful for any person or entity to hook-up to the water line or lines of any portion of the District's water system unless and until the Water District has approved the application for service submitted by said person or entity.

C. An Authorized Water Service Connection shall be considered a new water service connection when said service has not been part of the Water District records for previous years and shall be subject to any connection fees or Turn On/Turn Off Fees set forth authorized by these Rules and Regulations.

D. An Unauthorized Water Service Connection (herein so called) is any connection to Water District lines for which (1) the Water District has not approved an application for service and/or (2) for which no record of account exists in the Water District's records. A Parcel owner may dispute an Unauthorized Water Service Connection by providing proof of prior Authorized Water Service Connection or authorized hook-up.

Section 2. Approval or Rejection of an Application for Service.

A. A Parcel or Unit owner shall make application for service, in person or by first-class mail, to the Water District at its office, and at that time pay all required fees. All connections to the Water District's water system shall be made pursuant to any rules, regulations or resolutions pertaining to the payment of connection fees. Further, all connections shall be made in compliance with any specifications adopted by the Water District and the Uniform Plumbing Code and subject to inspection by the Water District, its agents or assigns, at the time of connection.

****where do we insert the moratorium on new hook ups?? Should we use the resolution as "Appendix B"??**

B. As per the Resolution contained in Appendix B, the District is no longer issuing new meter hookups. At such time as this moratorium is rescinded: The Water District's approval of an application for service shall not be unreasonably withheld or delayed and upon approval of an application for service, the Water District and the applicant shall cooperate with one another in constructing an Authorized Water Service Connection. The construction specifications described in Section 4 of this Article VIII must be complied with before water service is turned on and the Water District's authorized employees or agents shall have the right to enter the Parcel pursuant to Section 3 of this Article VIII for purposes of verifying compliance with said construction specifications.
