

PUBLIC NOTICE

FAILURE TO MONITOR

This notice is to inform customers of the Mayer Domestic Water Improvement District, PWS #13-039, that the water system failed to monitor for inorganic contaminants (I.O.C.'s) during 1995.

Public water systems are required by the U.S. Environmental protection Agency and the Arizona Department of Environmental Quality to monitor the drinking water for inorganic contaminants (I.O.C.'s). The water system is in the process of testing for these contaminants to correct the problem.

Please contact the Mayer Domestic Water Improvement District at P.O. Box 416, Mayer, AZ, 86333 (13300 Central) between the hours of 8am to 12pm at (520) 632-4113 for more information.
